EDUCATION

Politecnico di Milano MSc in Mathematical Engineering	Milan, Italy Mar 2024 - 2026
Politecnico di Milano BSc in Computer Engineering	Milan, Italy 2020 - Mar 2024

EXPERIENCE

The First Spa Business Intelligence, Data Analytics & Software Development Specialist	Milan, Italy Jun 2025 - Present
• Led the end-to-end implementation of a company-wide Business Intelligence solution, integrating legacy AS400 data into executive Power BI dashboards for KPI and performance monitoring. • Partnered with business leaders to define KPIs, reporting standards, and performance frameworks, strengthening data governance and management decision-making. • Developed automation and software solutions to streamline data flows and internal processes.	
The First Spa IT Intern	Milan, Italy Nov 2024 - Jun 2025
• Supported Business Intelligence and reporting through data preparation, validation, user support, and exposure to enterprise systems and organizational workflows. • Worked cross-functionally to translate operational needs into structured IT solutions and improve reporting processes.	
Freelance Web Developer Next.js & Modern Web Technologies	Milan, Italy Sep 2023 - Dec 2025
• Designed and built modern, scalable frontend and full-stack applications using Next.js, TypeScript, PostgreSQL, REST APIs, GraphQL, and deployment tools. • Delivered tailored solutions for businesses and professionals, combining analytical problem-solving with software development.	
Istituto Zaccaria Teacher	Milan, Italy Sep 2022 - Jun 2025
• Taught mathematics at high-school level and developed tailored lesson plans, using technology to support instruction and engagement.
